### And What Have You

By BOB CRAIG

A number of people have told us lately that they have been plagued with nuisance and even a few obscene telephone calls and have asked us to try to reach those involved in an effort to get the calls stopped. The best guess seems to be that they are prank calls by youths.

Sometimes the one on the other end of the line talks but most of the time they just breathe heavily into the phone. The noises in the background are what leads most of the people involved into thinking that it is several kids getting together and making the calls.

If this is the case, then we are sure that the kids are having a great time with their prank but they fail to realize the problems that they are creating. Calls like this do a good job of scaring teenage girls when they are at home by themselves.

The Telephone Company can bring in equipment that will put a stop to the calls but this can become pretty serious for those caught. The people receiving the calls must agree to file charges regardless of who it might involve. Those that we have talked to want the calls stopped, but they would rather not see some unthinking youth end up in court over it.

About all that we can suggest is that if those making the calls fail to realize the consequences of what they are doing then it is the parents responsibility to keep a close watch on the kind of phone calls their kids are making. We suspect that it would be well for all parents to have a talk with their children about the problems of prank calls. It is likely that one time or another every kid is tempted to have fun with the telephone.

If the calls continue much longer then someone will get mad enough to call the phone company in and then it will be too late to stop this thing the easy way.

We received our new Official State Highway map this week and the Texas Highway Department has gone all out to put its best foot forward for the visitors expected to come to our state for HemisFair.

The map of the state is larger than it has been in the past making it much easier to read and more information of interest has been included. But the part we like the best is the much larger maps of the major cities which should be a great help in finding your way across the state. With all of the fancy expressways, by-passes and what have you, it seems to get harder every year to find your way through cities like Houston, Dallas and San Antonio.

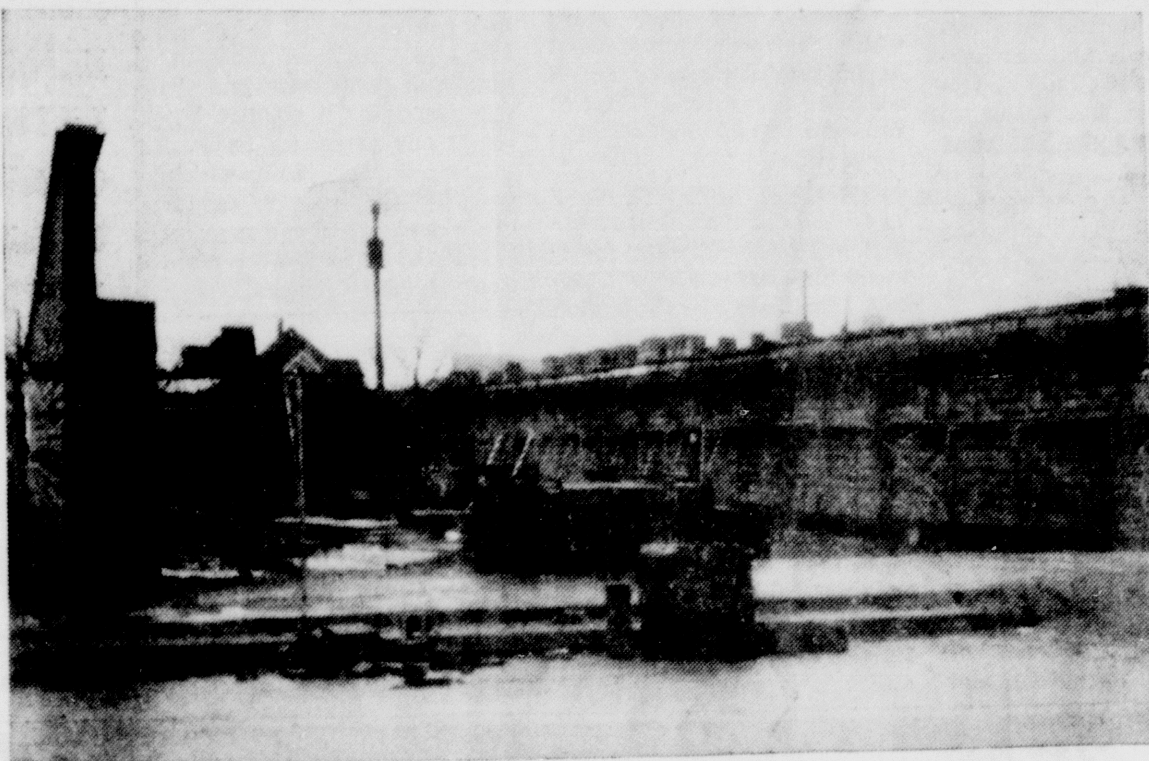

Incidentally there are 976 safety rest areas and roadside parks on the map this year, 24 more than last year.

You can order a copy of the map when registering your motor vehicles or you can get them at Highway Department District offices and Tourist Information Bureaus.

According to word from the California Creek Soil and Water Conservation District, this is National Wildlife Week. The theme this year is "Learn to Live With Nature," stressing the need for conservation education.

Birger Haterius, chairman of the board of supervisors of this district says, "People are sold on the idea of enjoying nature, but we must also sell them on the idea of learning to appreciate and care for all our natural resources."

He thinks that people young and old should learn that they can help solve conservation problems such as erosion, water and air pollution, litter, endangered wildlife and waste.

**RAIN STOPS WORK AGAIN** — The building to be occupied by Winn's Store is progressing rapidly, when weather permits. A full crew of workmen is on the job whenever possible. The walls are being constructed with concrete tile and the front is a dark colored brick.

Rain, some sleet and snow netted one inch of moisture Wednesday morning. The workmen accomplished a great deal on the building during the nice weather late last week and the earlier part of this week but work was halted again Wednesday morning.

## City Council Passes 3 Ordinances Designed to Aid Law Enforcement

Three City ordinances have been passed by the City Council to allow more efficient law enforcement in the city.

The public notice of the ordinances are being printed this week and are in full force and effect, dated Feb. 22. Penalty on each of the three ordinances is any sum, not to exceed \$200.

The first ordinance, in substance, makes loss of control of a motor vehicle resulting in a collision with a fixed object such as a post, sign, or building, a violation of the law. The ordinance also in-

cludes collision with a legally parked vehicle. Any act of negligence by an operator of a motor vehicle which results in a collision with another motor vehicle is also included.

The second ordinance listed is to protect the privacy of citizens from trespassers, window peepers, peddlers or salesmen who refuse to leave the premises at the owners request.

The third ordinance prohibits the possession of alcoholic beverages in the City Park or any land or area owned or controlled by the City.

## Junior High Band To Compete In Cisco Festival

The Hamlin Junior High School Band will travel to Cisco Friday for the eighth annual Cisco Junior High Band Festival to be held for the first time on the campus of Cisco Junior College.

The festival was organized in 1961 by Ervis Ritchie, then Cisco High School Band Director. He is still director of the festival and the concert playing will be in the new Harrell Fine Arts Auditorium. The Hamlin group is one of 48 bands expected.

Born Nora Ann Hopper, 89, a resident of Hamlin for 57 years, died at 9:15 a.m. Monday at Hamlin Memorial Hospital. She had been ill for a year and hospitalized for one day.

Services were held at 2 p.m. Tuesday at First Methodist Church, where she was a member. Officiating ministers were Rev. Cecil Hardaway, pastor, and Rev. Marshall Stewart, pastor of the Church of the Nazarene.

Born Nora Ann Hopper May 16, 1878, in Henderson County, she was the daughter of the late Mr. and Mrs. Y. Z. Grissom. She was married to F. M. Hopper in Comanche Sept. 26, 1897. They lived in DeLeon before moving to Hamlin. Her husband is deceased.

Survivors include three sons, L. H., J. B., both of Hamlin, J. O. of Fort Worth; one daughter, Mrs. Paul Cain of Sweetwater; nine grandchildren, 22 great-grandchildren and seven great-great grandchildren. One son and one daughter preceded her in death.

Burial was in Hamlin East Cemetery. Pallbearers were Dr. Robert Reeves, John Cain, Theodor Copeland, Andy Gardner, M. B. Templeton and Ben Morrison.

## Over 7000 In County Eligible To Cast Votes

Jones County has a voting strength of more than 7,000 latest figures from A. J. French, tax collector, reveal. This is a high figure, observers say, but because residents more than 60 years of age did not have to register until this year, no accurate total number of voters for previous years is available for comparison.

Last year the total number who registered was 3330. French said that his office now lists 7,020 registered voters but he added that this figure can go up or down before election day. Those who will become 21 years of age prior to an election have 30 days before election day to register.

Some persons may leave the county and thus lose their eligibility to vote, in the County election, French pointed out.

## Library to Open Tuesday, Forum Plans 'Tag Day'

At a called meeting of the Hamlin Woman's Forum Monday evening, plans were made for the re-opening of Harden Memorial Library, dates were set for a Tag Day and a tea and open house to be held during library week in April, and a work day was set to continue getting books on the shelves.

Mrs. V. E. Holt, new librarian, announced that the Library would be opened Tuesday, Mar. 26. Hours will be from 2 to 5 on Monday, Tuesday, Wednesday and Friday. Thursday hours will be from 5 to 8 p.m.

Tuesday evening, Mar. 26, representatives from all clubs are asked to come to the Library for a work session to begin entering books that have not been placed in circulation. All books that were removed from the shelves during the painting have been returned

and are in place but many more volumes are to be entered.

The Forum voted to have a Tag Day on Wednesday, Apr. 24, and then climax Library Week with a tea and open

house Sunday afternoon, Apr. 28. Working on this will be Mrs. Bob Craig, finance chairman and Mrs. Kenneth Riddle, building chairman.

Mrs. Earnie Reusch was elected vice president to fill the unexpired term of Mrs. Billy Early.

Mrs. Jack Vaughan, president, presided.

Mrs. Holt and Mrs. Craig will represent the Forum at the Texas Library Systems workshop to be held in Abilene, Monday, Mar. 25, at Abilene Public Library.

## Car License Sales Running Behind Here

L. J. Cunningham of McCollum-Cunningham Insurance Agency, local agent for selling car licenses, said Tuesday that sales in Hamlin were from 50 to 100 behind sales for the same period last year.

A. J. French, tax assessor-collector for Jones County said that the County on a whole was behind some 600 tags.

Cunningham said that no lines had formed yet but they anticipate that there will be lines because so many cars are yet to be registered.

He reminded the motorists to bring last year's motorist's certificate of title and their street address when applying for car tags.

The local outlet will be open 8 to 5 daily and from 8 to 12 Saturday, Mar. 23. Cunningham also plans to be open all day, 8 to 5, Saturday, Mar. 30, but warns that the lines could get long if people wait until that time to purchase tags.

Some persons may leave the county and thus lose their eligibility to vote, in the County election, French pointed out.

# Sylvester News...

By MRS. R. M. BABE  
Cloudy, but not raining yet, this Monday morning. We had about 8 in. of moisture last week.

Mr. and Mrs. Davis of Abilene attended church and stayed the remainder of the day in the Med Herron home.

Capt. and Mrs. Jimmy Lanning were home for a few hours last week and the Lannings say that it only seemed hours to them. Of course a three-day pass and two families to visit and drive each way to and from El Paso, does not leave much time.

Mrs. John Edwards is in Hamlin Hospital.

Our sympathy to Mrs. Dan Kidd in the loss of her brother, Mr. Henry Turner, in Abilene this week.

Our sympathy also goes to Mrs. Walter Young in the loss of her husband, Walter. They had lived in Sylvester for many years before moving to Abilene.

Mrs. W. B. Brown, Mrs. Homer Pursley and myself drove to Abilene Thursday night.

Mrs. Mary Ellen Tanner spent the weekend in her daughter's home, the Kenneth Leveretts.

Mrs. Chub Hardwick's parents of Abilene drove over one afternoon this past week.

Melissa Hardwick and Rhonda Douglass attended the 4-H meeting in Midland on Saturday.

Little Miss Hadaway of Roby spent the weekend with Vanessa Hardwick.

Mr. and Mrs. Thomas Ray Kiser of Ft. Worth spent the weekend with his parents here, the Cecil Kisers and her parents in Hamlin.

Mr. and Mrs. Woodford Pursley of Weatherford met their daughter and children from Big Spring here Saturday and spent the weekend here.

Mrs. Lee Sanders says she is feeling much better after a bad fall.

Mrs. Max Deel of Levelland and children spent the weekend in the Buford Brown home. Also staying the weekend was the Prather family of Sweetwater.

## Farmers Offered Wide Choice of Aids In Fighting Weeds In Cotton

Farmers have a wide choice of chemical and mechanical aids for fighting weeds and grass in their cotton fields this year, says Jones County Agent Kirby Clayton. Clayton says a control program using chemicals and mechanical means is not only cheaper but faster and easier to carry out than the old hand hoeing method.

The Texas A & M University specialist lists as available, nine premerger chemicals, eight postmergers, three "layby" treatments and three spot sprays. Their efficiency was proved last year, he adds, on more than 2.5 million acres of Texas cotton in 154 different counties.

As for the mechanical methods, Clayton says to give careful attention to cultivation. The use of the rotary hoe or rotary hoe-cultivation is still the "back-bone" of weed control in cotton and was used last year in 165 counties. Flame cultivation was used last year in 48 counties and involved 1,461 flame cultivators, he adds.

Clayton lists four steps which growers have found important in carrying out a complete season weed control program. They include the application of a pre-plant chemical; a premerger spray as a band application at planting; early postmerger treatment and layby where adapted (mostly under irrigation and river bottom areas).

The use of pre-plant chemicals such as Planavin or Treflan may be used as a start. Also DSMA can be used as preplant on Johnsongrass if an early spring brings out this grass. Then you can "over-lay" with premerger chemicals on a band basis at planting time with such materials as Caparol, Cotoran, CIPC, Karmex, Telvar or

Herban.

Early postmerger chemicals include lateral oiling, DSMA, or MSMA for grass control and Herban or Cotoran combinations plus surfactants for broadleaf weeds, beginning when the cotton plants are three inches high and until bloom.

After the cotton is six inches high, Karmex or Caparol can be used on the weeds. For layby, some of the same premerger chemicals can be used, some as a contact layby or late premerger layby.

For further information, call by the county agent's office and ask for a copy of B-1029, "Suggestions for Weed Control with Chemicals."

Clergymen who earlier chose not to be covered by Social Security will now be covered unless they claim exemption during 1968.

# Mrs. James Eddie Jay Reviews Book For Literary Club

Mrs. James Eddie Jay reviewed "Everything But Money," by Sam Levenson for members of the Woman's Literary Club at the Friday afternoon meeting in the home of Mrs. Jackie Williams.

"I was raised," Levenson says, "in a section of New York that was called a slum by sightseeing guides and a depressed area by sociologists. Both were right. My environment was miserable; I was not."

"I was a most fortunate child," he continued. "Ours was a home rich enough in family harmony and love to immunize eight kids against the potentially toxic effects of the environment beyond our door. Since the social scientists do not, as far as I know, have a clinical name for the fortunate possessors of this kind of emotional security, I might suggest they label them 'the privileged poor.'"

During the business session, with Mrs. Bob Craig presiding, Mrs. Donald Young and Mrs. Loyd Burkhardt were elected delegates to the Mesquite District Convention in Abilene Mar. 20-21.

The next club meeting will be April 5 in the home of Mrs. Robert Wilson.

Medical bills, properly itemized, under Medicare can now be paid to the patient whether or not he has paid the physician or supplier of services.

# McCaulley Grad, Richard Allred Marries Mar. 1

Carolyn Denise Riley of Albany and Richard Allen Allred, a graduate of McCaulley High School, were married Mar. 1 in the home of the bride's sister, Mrs. Gary Don Hise in Sand Springs. Parents of the bride are Mr. and Mrs. W. E. Riley of Albany. The bridegroom's mother is Mrs. Oscar Skelton of Preserve, N. M.

The couple is now at home at 2401 7th Street in Lubbock where he is attending Texas Tech. She attended Howard County Junior College and plans to attend Texas Tech this fall.

Allred was salutatorian of the 1965 graduating class at McCaulley and attended Cisco Junior College two years. He is now a junior marketing major and is employed at Wright Implement Co.

# Camp Fire Leaders Named

Officers of the Camp Fire and Blue Bird Leaders Group are Mrs. Jack Wicker, chairman; Mrs. Earl Pritchard, vice chairman; Mrs. Coye Pritchard, secretary; and Mrs. Gerald Young, reporter.

# JAYCEE-ETTES TO MEET

Mrs. Scotty Knox will be hostess for the meeting to night (Thursday) in the Hamlin Jaycee-ettes. Mrs. Eddie Connally will be co-hostess.

Mrs. Johnny Jeffrey, president, will preside during the regular business meeting. There will be no program.

# Anne Shelburne, Andrew Russell Plan Wedding

Mr. and Mrs. Lesley Shelburne of Snyder, former Hamlin residents, have announced the engagement of their daughter, Anne, to Andrew W. Russell, son of Mr. and Mrs. Don L. Russell of Dallas.

The bride-elect is a graduate of Snyder High School and a student at West Texas State University, Canyon. The prospective bridegroom is a graduate of Edinburg High School, Edinburg, and is also a student at WTSU. The wedding will be June 2 in the First Baptist Church of Snyder.

The bride-elect is the granddaughter of Mrs. Tom Routh.

# Wa Ca Ka Group Learns Modeling, Manners for Minors

Members of Wa Ca Ka Camp Fire group met Friday at the Hut for a lesson in modeling and manners for minors. A group picture was the creative art project.

Mrs. George Deaton served refreshments to Debbie Cary, Melissa Madden, Becky Harmon, Debbie Jay, Debbie Edmiston, Sherrie Carter, Diane Bradley, Debbie Light, Iva Starr, Judy Wilcox, Connie Deaton, Lisa Willingham, Brenda Fry, Linda Walden and Patrice Moore.

# HHS Students to Vie for Wins In District Literary Events Sat.

By TOMMY OLIVER  
BETH CRAIG  
JANET CARSON

With District 5AA Literary contests at Winters this Saturday everyone planning to attend is rushing through the finishing touches on their individual events. The University Interscholastic League provides the standards for the separate district, regional and the state contests. Those planning to attend the district meet at Winters this year are: Robert Bailey and JoLynn Johnson in prose interpretation; Janet Carson in ready writing; Debra Blanton and Pat Perrin in debate; Peggy Covington and Lavene

Hunter (alternate is Elma Ree Mays) in spelling; Jerry Covington in informative speaking; Linda Cox and Tommy Oliver in persuasive speaking; Gil Lain and Joyce Putman in poetry reading; Debra Blanton, Donnelle Hill, Reba Jackson, and Sandra Woolf in shorthand; Cindy Bryant, Sherry Cowan, Diana Crowley, Sharon Townley, Marilyn Fudge, Sandra Payne, and Joey Duncan in typing; Rickey Acklin and Agustin Barron in slide rule; and Terry Holt, Mike Young and Beth Craig in number sense. Hamlin High and the citizens of Hamlin should be very proud that HHS is able to field such a large team in such a wide variety of literary events. The literary contests were very well attended and represented many years ago, but today the teachers are having a hard time finding the proper students to compete. Good Luck this Saturday, Pipers.

Despite the cancellation of school last Tuesday the band members turned out in almost 100 percent attendance for the band clinic with Dr. Neil Humfeld. Dr. Humfeld is director of the nationally renowned bands of East Texas State University. This was his third year to clinic the band here. His primary purpose was to help the band prepare for the U. I. L. Concert Band Contests which will be held in Merkel Mar. 30.

The FFA and FHA members were beginning to wonder if there was any truth to the old saying "third time charm," when the annual FFA-FHA Fun Night was rescheduled for last Tuesday night. The Fun Night had been scheduled twice before, but due to bad weather it had been postponed.

Approximately twenty-five members showed up Tuesday night to play volleyball. The regular Fun Night was rescheduled then to 7:30 Thursday night in order to choose teams for the volleyball tournament.

Over the weekend, Tommy

Oliver attended McMurry College in order to take a test for a Special Honors Scholarship. Fifty students representing several states from as far away as New Jersey, Colorado, and New Mexico were on the campus for the Friday afternoon interview with the heads of departments and the Saturday morning test. Tommy took the test in history. If he is selected as an outstanding scholar he will be given a scholarship in the amount of \$2,800 for four years. Only twenty such scholarships are awarded each year. The results will be announced in April.

ADEQUATE WIRING FOR FULL HOUSEPOWER

POWERHOUSE

It's more than a fuse box. It's also the magical source for all the energy that runs the army of electrical servants who help you every day and every night.

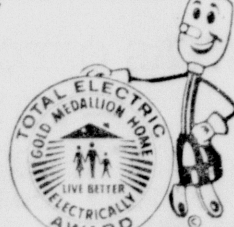

That's why it's so important that your fuse box (electrical entrance panel) be large enough to handle all the electricity you need for modern living. Otherwise, circuits become overloaded, lights blink, appliances are starved for

lack of power and fuses blow too frequently.

Your use of electricity doubles every 10 years. That's why it's so easy to out-grow the capacity of your wiring system.

It's a good idea to have your fuse box and wiring system checked to make certain it is adequate for your needs. That way you'll be certain you have a POWERHOUSE to help you live better with low-cost rural electric power.

Stamford Electric Cooperative

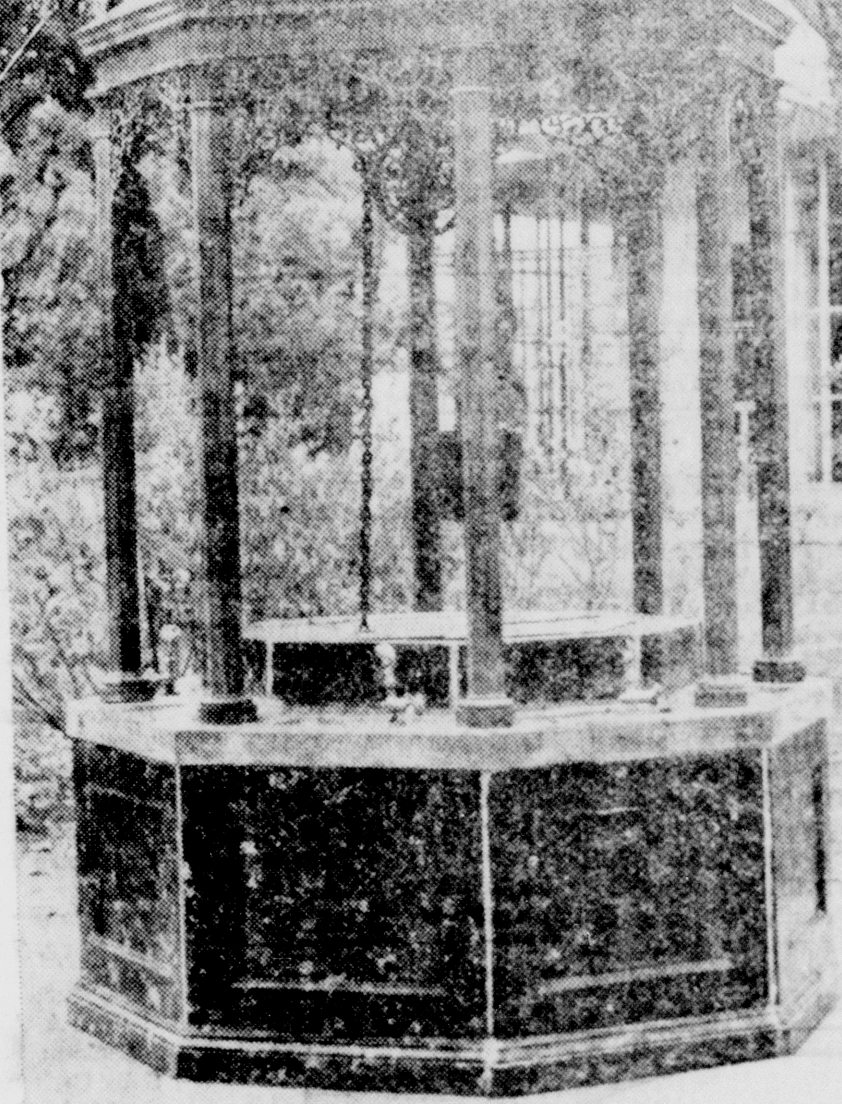

A well of water...

Many important events have taken place at the well. In days long ago it was a meeting place, where all came because of the necessity to obtain life-sustaining water.

Jacob met his beloved Rachel at the well. Moses met the daughters of his future father-in-law at the well in Midian. Much later Jesus Christ met a woman of Samaria at the well and said, "Whosoever drinketh of the water that I shall give him shall never thirst: but the water that I shall give him shall be in him a well of water springing up into everlasting life."

The church of God today is a meeting place where many come to obtain this life-giving and life-sustaining water of which Jesus spoke.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

# Old Glory News...

By JUDY WHITE

The Old Glory basketball girls received their sweaters in a short assembly program on Thursday morning of last week in the school cafeteria. Sweaters were presented to the girls by Dalton Gill, coach and superintendent. Mr. Gill stated that although the girls placed fourth in district, they had beaten three leading teams once, and their scoring for the season was only 11 points less than their opposition. This was a total of less than one point per game.

Two of the girls were placed on the second all-district team for the 1968 season. They were Judy Sander on forward and Rita Baldree on guard. Both girls are juniors and have lettered three years in basketball.

Mrs. Betty Letz was also presented a sweater for being the season scorekeeper for both boys and girls. Several mothers attended the assembly program.

The members of the boys

basketball team will receive their jackets at a later date.

Mrs. Vera Bell's first and second grades and Mrs. Marie McCain's third and fourth grades visited the Bell Telephone Mobil Unit in Stamford Wednesday of last week. The children learned how the telephone began and how it will progress in the future. They reported a very interesting and enjoyable field trip.

VARIETY CLUB

Eight members of the Old Glory Variety Club met for an all day quilting in the home of Mrs. W. G. Wienke on Tuesday of last week. Mrs. Louis Spitzer was the only visitor present. The quilt was made for Mrs. H. E. Carr.

Mrs. Katie Gerloff will be the hostess for the next regular meeting Mar. 26.

Mr. and Mrs. C. T. Pierce, Debbie and Dennice, visited in the home of Mr. and Mrs. Thomas Letz and Bryan in Graham last Sunday.

Roy Wienke and Douglas Wienke of Lubbock were here last weekend visiting Roy's mother, Mrs. W. G. Wienke.

Stephanie Letz, student at North Texas University in Denton, was home last week

end visiting her parents, Mr. and Mrs. Ed Letz. She was accompanied by a friend, Beth Robertson, also a student at North Texas. Miss Robertson's home is in Elmira, New York, and visiting in Old Glory was a new experience for her.

Cynthia Letz, another student at North Texas, was also home visiting her parents, Mr. and Mrs. David Letz.

Mr. and Mrs. Eddie Howerton of Abilene visited her parents, Mr. and Mrs. H. L. Boles, last Saturday.

### LEGAL NOTICE

The following ORDINANCES are now in full force and effect, dated February 22, 1968.

An ordinance entitled an ordinance regulating the driving or operating of any motor vehicle, railroad engine, railroad car or any other vehicle or riding, driving or in control of any animal upon any public street, alley, railroad track, avenue, highway or other public place, within the limits of the City of Hamlin, Texas, and providing a penalty.

An ordinance entitled an ordinance protecting the privacy of person or persons, private property, both real and personal from intrusion by person or persons, by actual presence or implied intrusion of privacy. Protecting the rights and privacy of person or persons to privacy from intrusion by unwanted salesmen, peddlers, solicitors or any such person that might be upon premises without consent of head of family or person in charge of premises and providing a penalty.

An ordinance prohibiting the drinking or possession of any alcoholic beverage or any intoxicating beverage or substance of any type to induce intoxication, in any City park or any land or area owned or controlled by the City of Hamlin, Texas, and providing a penalty.  
H. W. Madden, Mayor  
CITY OF HAMLIN

### PUBLIC NOTICE

A reminder to the public that the dumping of dead livestock such as horses, mules, cattle, hogs, sheep or goats etc. at the City Dump Ground is prohibited. The dumping of dead animals create a very unhealthy surrounding and for the health of the community these animals must be destroyed by the owner or person or persons in charge in such a manner as to protect the health and welfare of the citizens of our community.

Please do not put any dead animals or fowls in your trash barrel, they will not be picked up by the sanitary truck. If such dead animals or fowls are found in the trash barrels, such barrels or boxes will be passed up by the sanitary truck until the dead animal or fowls have been removed from the container.

Any individual dumping trash of any kind at the City Dump is requested to take your trash into the dump area where the present dumping is being made and dump as close to the dump pile as possible rather than dumping your trash near the entrance or by the side of the entrance road. Trash being dumped in such a manner is causing the City much expense trying to keep the dumping area open and each time it is required to hire a dozer for several hours to push the trash back to make more room. Our dumping area is limited and is filling up fast. The cooperation of the public is requested.

**HAVE A NEW GRAND-CHILD?** That's news... Call the HERALD.

**AUSTIN** — All those candidates for governor got a hefty bit of pressure off them when both the state Democratic and Republican executive committees decided to put the question of liquor-by-the-drink on the May 4 ballot.

With increasing concern over liquor-law enforcement and the Texas Liquor Control Board, coupled with Gov. John Connally's push for liquor-by-the-drink, gubernatorial candidates have been pressured hard for their stand on the issue.

Now, with the question being put to the voters in a referendum, all the candidates have to say is that they will abide by the wishes of the voters.

Also on the ballot as referendums will be the question of pari-mutuel horse-race betting and the concern of a Texas Dairy Commission with the power to regulate and fix the price of milk and other dairy products.

Although none of the voters' answers to the three questions will be binding, the issues do assure a high turnout of the more than 4,000,000 registered voters. It will take an act of the Legislature to put any of them in effect. Ballots will merely say: "This proposition is only an expression of public opinion and has no force or effect as law."

Legislature directed the first primary vote on local option pari-mutuel gambling. Petitions signed by 119,000 voters called for voter opinion on creating a Texas Dairy Commission with power to regulate milk prices.

Both party leaders decided the liquor-by-the-drink issue is hot enough to warrant a check on that, too. This referendum will be the first opportunity Texas voters have had to express their opinions statewide since the repeal of prohibition in the 1930s.

Campaigns already are shaping up on the high-voltage drinking and gambling issues. Opponents of a dairy commission also are organized for battle. Anti-Crime council of Texas has formed to combat organized crime and defeat the racing proposition. Committee for Tourism and Regulated Sale of Mixed Drinks stands ready to get back into action. Dry spokesmen report they have organized to fight liquor-by-the-drink Texas Racing Association is ready with a campaign for a wagering proposal.

Meanwhile, House committee studying liquor laws have asked for an attorney general's opinion on constitutionality of a mixed drink local option bill.

**PARKS IMPROVED** — While finishing touches were applied to the \$1,000,000 renovation of the Davis Mountains State Scenic Park near Fort Davis, new federal grants were approved for four other parks.

Federal funds of \$104,150 matched by a state appropriation of like amount will finance a 498-acre park 14 miles southwest of Cleburne.

Federal funds of \$28,500, also matched by legislative appropriation, is earmarked for Mission San Francisco del Los Tejas Historic Park northwest of Crockett, a 118-acre historic park in the Piney Woods.

Lake Brownwood State Recreation Park near Brownwood will get \$117,150 federal money matched by the state for its 538-acre park.

Another federal grant of \$99,900, matched by state funds, will create the 588-acre Bentsen-Rio Grande Valley State Scenic Park near Mission.

Dedication tentatively is set for March 28 of the Davis Mountains Park. Also slated for dedication by Governor Connally that same day at the Park is scenic Texas Mountain Trail, one of ten unveiled by Connally last January to lure tourists off the beaten path into Texas areas of outstanding beauty and historic interest.

**SCREW WORM CASES CUT** — Texas' screw worm eradication program cut reported cases of infestation from 49,484 in 1962 to 1,219 in 1967. So reports Auditor C. H. Cavness in his audit of the Animal Health Commission.

Commission's share of the program has been turned over to the federal government except for security supervision of the Rio Grande Valley screw worm fly production plant and the required inspection force.

**COURTS SPEAK** — State won its \$1,000 civil penalty suit against a Bellville Contractor under a water permit law. The road builder was first permanently enjoined from using public waters without permit from the Texas Water Rights Commission.

State Supreme Court denied rehearing of decision that Hillsboro cannot enforce a peddlers and vendors ordinance against an insurance company.

Court of Criminal Appeals upheld a six-year probated sentence for a Houston lawyer who encouraged his client to lie on the witness stand.

Same court ordered a new trial for the man who received the death penalty for the shooting death of a potato chip salesman in Chambers County.

**APPOINTMENTS** — John Stokes of Lufkin is the new executive director and special counsel for the Republican Party of Texas. He succeeds Al Allison of Dallas who resigned to accept a private business offer.

Gubernatorial candidate John Hill named Rep. Bob Armstrong of Austin as executive director of his statewide campaign.

Governor Connally appointed A. E. Fawcett Jr. of Houston and R. F. (Bob) Byers of Dallas to the Texas Water Well Drillers Board.

House Speaker Ben Barnes has appointed Rep. Delwin Jones of Lubbock as chairman of the House Interim Committee to study egg importation and grading.

Williams J. Hading will direct activities of the new Association of Texas Fire and Casualty Insurance Companies.

John Peace of San Antonio a member of the Board of Regents of the University of

Texas System, has been appointed by Chairman Frank C. Erwin Jr. as a member of the Board for Lease of University Lands.

### MORATORIUM ASKED

The Texas Animal Health Commission has joined the Texas Farm Bureau and the Texas and Southwestern Cattle Raisers Association in asking the U. S. Department of Agriculture to delay a proposed new regulation prohibiting interstate shipment of

cattle from counties not certified for brucellosis control.

Under the proposed regulation, cattle in uncertified counties could be sold for consumption only in Texas, unless the cattleman has his herd qualified himself, which involves personal expense.

Ninety-five Texas counties are not certified, and one AHC official estimates that three

years will be required for compliance. As the regulation now reads, it will go into effect sometime between May 1 and January 1, 1969.

The USDA regulation is states which are completely certified and do not want infected cattle being shipped in from states not so certified.

# Presidential Race This Year Points Up Need for Change

BY OMAR BURLESON, M. C.  
17th District, Texas

WASHINGTON, D. C. —To speculate what may happen in the November elections is about as certain as an amateur prognosticator predicting what the weather will be eight months hence.

The possibility, however, is that the election of the next President of the United States could be thrown into the House of Representatives. The case for such is no longer theoretical. Conditions which could bring it about are showing more substantially.

Should this occur, the decision would certainly not be in conformity with the "one man, one vote" rule laid down by the Supreme Court placing more political strength in the populated areas.

In such an event, each of the fifty states would have one vote. Alaska, for instance, with 272,000 citizens would have the same vote as Texas with its 11,000,000 and Delaware with one vote equal to more than 19,000,000 people of California.

Even the possibility of such

a situation points up the great need to amend the Constitution abolishing the electoral college and provide for the election of the president and vice president by more democratic processes. It is much too late for such action to avert the possibility of the president being elected in 1968 by the House of Representatives and vice president by the U. S. Senate but with the splinter parties likely to increase instead of decrease, reform should be brought about before another presidential election.

The experience of 1948 should have been a lesson. In that election there were really four parties and four pretty important presidential candidates. There was Truman as the Democrat, Thomas E. Dewey as the Republican, Sen. Strom Thurmond of South Carolina as the "States Right Party" candidate and Henry Wallace on the "peace" ticket.

A change of less than 5 per cent of the popular vote from President Truman in only two States would have shifted

the election into the House of Representatives.

Henry Wallace did not carry a single state but was perhaps controlling in taking New York, Michigan and Maryland away from the Democratic candidate.

There is a feeling among some expert politicians that political opinion now dividing the country causes the possibility to get greater in 1968 than it was twenty years ago. Some pretty astute political writers are already cautiously predicting that no presidential candidate in this years election will be able to get an adequate popular vote to assure a majority in the electoral college. In this event only two things could happen—either some electors would have to defect and act contrarily to the voters who selected them or have a deadlock, throwing the whole thing into the U. S. House of Representatives.

Some political analysts say there are more signs pointing to a deadlock situation this year than in the Truman-Wallace year. One reason given

is that Thurmond's counterpart, George Wallace of Alabama, shows far more strength in that slot than was shown in 1948. In that year the combined vote of Thurmond and Henry Wallace was 478 per cent of the total. The polls are now giving George Wallace around 12 per cent or 2 1-2 times greater than the two splinter parties got in 1948.

Alaska, Delaware, Nevada, Vermont and Wyoming have only one member each in the House of Representatives. Each of their votes would equal that of California with 38 members or Texas with 23. Borderline States where political sentiment shifts from year to year are keeping close watch on these developments. It is to be assumed that the one unit vote of any State's Delegation in Congress would be cast for the controlling party's presidential candidate.

The 1968 elections appear to have new dimensions of importance.

## HOUSING FOR MIGRANT WORKERS

One of the nation's largest farm labor rental housing projects has been dedicated at Dimmitt in the Texas Panhandle. It was built and will be operated by a non-profit association of 35 Castro County farmers and 25 Dimmitt businessmen. Financing was through the Farmers Home Administration.

## Beef Cattle Short Course Planned In Anson Apr. 2-3

A Beef Cattle Short Course on Production and Management will be held at the 66 Sirolo Cafe in Anson starting at 7:30 p.m. on the nights of April 2nd and 3rd according to County Agent Kirby Clayton.

On the night of April 2nd, Mr. Paul Marion, Superintendent of the Spur Experiment Station, will speak on "Cattle Production in Drylot" and "Wintering Mother Cows," and Mr. E. D. Robinson, Range Management Specialist with the Texas Agricultural Experiment Station at Spur, will speak on "Latest Research Methods on Brush Control and Range Management."

On the night of April 3rd, Mr. L. A. Maddox, Extension Animal Husbandman with the Texas A & M University, will speak on "Performance Testing."

The program will start each night at 7:30 p.m. and conclude at 9:30 p.m. The program is being sponsored by the Jones Beef Cattle Committee and the local County Extension Agent. All interested farmers and ranchers are invited to attend.

## April 1 Deadline For Medicare Insurance Signup

April 1 may be April Fool's day to the younger generation, but it is also an important deadline for many older people to keep in mind, according to R. R. Tuley, Jr., district manager for Social Security in Abilene.

"Many people over 65," Tuley said, "failed to sign up for the voluntary doctor-bill insurance under Medicare. Most of these have Medicare hospital protection but did not enroll in the supplemental coverage. They now have another chance but must enroll by April 1 for coverage that will become effective July 1."

For these folks a monthly premium is involved, which pays half of the cost with other Federal revenues paying the other half. Nationwide nearly 18 million older people, which has helped pay people now have this pro-

over 28 million medical bills, totaling nearly \$13 billion. Information on the additional Medicare protection provided by the 1967 Amendments to the law is available at the Abilene social security office, Room 2321 Federal Building. For those unable to come to the Abilene office, a visit to a representative of that office when he is in your community.

## Telephone Co. Boosts HemisFair

Almost five million invitations to HemisFair '68 will go to people in a five-state area this month from Southwestern Bell Telephone Company.

Each phone bill sent by the company during March will carry a folder featuring San Antonio's 250th birthday party.

"This bill insert will go to all our customers in Texas,

Oklahoma, Kansas, Arkansas and Missouri," said M. T. Buhl, Bell's general manager in Dallas. "It's an eight page full-color production and we hope it will whet everyone's appetite to visit the fair."

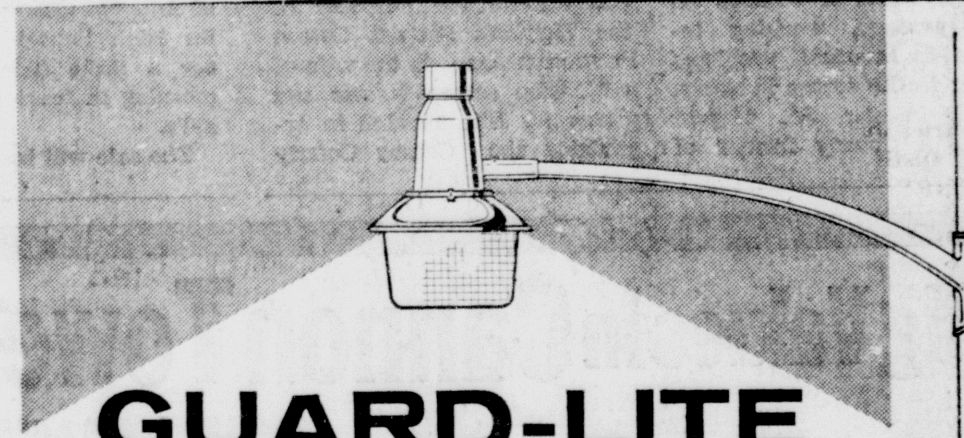

The telephone company will make an additional 150,000 copies of the insert available to the San Antonio Chamber of Commerce to send out in response to requests for information about the fair.

chairman of the Livestock and Grains Subcommittee of the House Agriculture Committee.

Joe Pate, chairman of TAC-PO, made up of six major grower associations in Texas, has extensive cotton farming operations in both the Plains and Rolling Plains areas and in Arizona. He was instrumental in the amalgamation of the six growers associations at the annual convention of the National Cotton Council in Oklahoma City early this year. Mainly the TACPO was formed in an effort to get all Texas cotton growers, who own a big per cent of USDA's allotted acreage, working together on mutual problems relating to the cotton industry.

J. B. Cooper, Jr., 41-year old Nolan County farmer of

near Roscoe, received a BS degree in Agronomy and Farm Machinery from the School of Agriculture at Texas Tech, in 1950. He began farming in the Roscoe Blackland area in 1950 and presently operates 1,600 acres of farm land producing cotton, milo and wheat.

He recently qualified for a private pilot's license. He flies to meetings of the many local, area and national cotton groups, including the National Cotton Council, cooperative gins, compress, grain and milling cooperatives, and seed growers associations. He has served as president of RPCG the past two terms.

Mrs. L. B. McDowell, who will outline the purposes of the Women's District Cotton Promotion Assn., is the wife of a McAdoo cotton farmer and ginner. She assisted in organizing the Crosby County

Cotton Club in 1965 which has now extended into Lubbock, Hale, Yoakum and Lynn counties and into the City of Lubbock.

### Bridge Winners

Mrs. Gene Knabel and Mrs. Jack Russell took first place honors at the Tuesday evening meeting of Hamlin Duplicate Bridge Club. Mr. and Mrs. Dale Lain were tied with Mrs. Ray Sonnenburg and Harvey Elkins for second.

### FHA BAKE SALE

The Future Homemakers of America Chapter of Hamlin High School will sponsor a Bake Sale Saturday morning in front of McDonald's.

The sale will begin at 9:30.

### DOSCHER—

—Continued from page one—

Charlton. Mr. Doscher remained with that firm until June, 1966, at which time he opened his own law office. During his 18 years in Abilene, Mr. Doscher has been engaged in the general practice of law, with extensive trial experience in the State and Federal Courts throughout the West, North and Panhandle areas of Texas. He is widely known in the legal profession for his competence and ability as a lawyer.

Mr. Doscher served on active duty with the U. S. Navy for 44 months during World War II and has been actively connected with the Naval Reserve program in Abilene for the past 18 years, and has twice served tours of duty as Commanding Officer of the Abilene Naval Reserve Surface Division. On January 1, 1968, he retired as a Captain in the Naval Reserve. Mr. Doscher is a member of the Abilene Bar Association, American Bar Association and the State Bar of Texas. He attends the Episcopal Church of Heavenly Rest.

Mr. Doscher issued the following statement for the consideration of the voters in Jones County, Texas:

"It will be my desire and intent to lend continued dignity and experience to the Court. Judge Thomas as served this district long and well and has brought prestige and respect to this Court which should be continued.

"The District Court plays a very important part in upholding law and order in the community; therefore the selection of a new judge requires careful consideration by the people of the community. I submit myself for service with the determination that the law will be administered with diligence and respect, and with justice for all."

### Mother Dies In Mexia Thursday

Mrs. E. A. O'Pry, 79, of Mexia died at 8 p.m. Thursday. She was the mother of Mrs. L. O. Hughes.

Services were held Saturday in the Riddle Funeral Home Chapel at 2 p.m. Burial was in Forest Glade Cemetery.

Survivors include her husband; two sons, Odus O'Pry of Cisco, who lived in Hamlin for a brief time; Harley of Galveston; two daughters, Mrs. Hughes and Mrs. R. H. McKenzie of Mexia; six grandchildren; 10 great-grandchildren. One grandson, Dennis O'Pry is a frequent visitor here.

### Rummage Sale To Aid Mentally Retarded Planned

Mrs. Jaylon Fincannon, who is helping to sponsor a rummage sale in Abilene to benefit the mentally retarded has announced that Hamlin citizens may join in the effort by taking items for the sale to the home of her mother, Mrs. C. L. Howard, 515 West Lake Drive.

Mrs. Fincannon, the former Judy Fitzgerald, says anything sells, often what you consider junk.

She submitted the following list of suggested items for the sale: clothes (not necessarily in good condition), baby clothes and baby items, children's clothes, men's suits, bedspreads and linens, toys, artificial flowers, used crayons, tools (garden or other-

wise), clocks or clock parts, wheels for toys, appliances, (irons, coffee pots, broken or otherwise), dishes (even chipped ones), furniture, rugs, costume, jars and cans.

The rummage sale will be held the first week in April at the corner of Ambler and Old Anson Road in the building formerly occupied by the Thorton grocery.

### 1968 Copy of Cotton Insect Control Available

Jones County cotton growers who now have 1967 copies of the Extension leaflets, "Texas Guide for Controlling Cotton Insects;" Guide for Controlling Cotton Insects in the High Plains, Rolling Plains and Trans-Pecos Areas of Texas;" and "Ways to Fight the Pink Bollworm in Texas"

should contact the county agent for the 1968 editions.

Kirby Clayton, County Agricultural Agent, says that the new leaflets have several changes in control recommendations, including several deletions and additions.

Extension Service entomologists at Texas A & M University said that in developing a sound and effective insect control program there are several important factors to consider. These factors must be considered each year in light of insect population changes, insecticide resistant levels, production practices and insecticide performance data. When these are changed the recommendations must be changed.

The 1967 copies should be

discarded and 1968 copies picked up from the county agent's office. Copies are also available from the Agricultural Information Department, Texas A & M University, College Station, Texas.
